

# Multi Wheel Roulette Table Game

---

Release Date:  
February 2011

## Introduction

The purpose of this document is to introduce the new addition to the Microgaming Gold Series Table Game portfolio, namely **Multi Wheel Roulette**.

**Multi Wheel Roulette** presents the player with 8 roulette wheels. The player has the option of selecting the number of wheels they wish to enable per spin, up to a maximum of 8. There is a single table for betting, but each bet placed is multiplied by the number of wheels enabled.

The player enables and disables wheels by simply clicking on them.

The player can also place Call Bets on the table. Call Bets are group of pre-named and pre-determined bets. Call Bets are equivalent to bets that are normally shouted out in a land-based casino for the dealer to place. The player can choose to place one or multiple of these Call Bets on the table.
